

Getting Started

The Dignity Health Specialty Pharmacy Program is available to all employees of the health system as well as their dependents. If you would like to learn more or speak to a member of our staff please call (602) 406-3970.

Who We Are

ABOUT US

The Specialty Pharmacy is an outpatient pharmacy program that provides each patient with the highest possible level of care. Our customized and personalized care programs and disease specific liaisons will address all of your prescription needs and ensure your medications will be delivered on time.

Pharmacy
Program

Dignity Health's Specialty Pharmacy Program provides hands-on personalized care for patients with complex needs. Your medications can be conveniently delivered to your home for free.

Just as you develop a strong, lasting relationship with your clinical care team, it is vital that you have a trusting relationship with your pharmacy team. Dignity's Specialty Pharmacy is fully integrated with your health care team. They use a shared medical record that allows us to put your safety first.

Our condition-specific specialty pharmacy experts work together with your clinical team to develop your personalized care plan.

Services Include

- Free home delivery
- Personalized refill reminders
- Medication adherence programs
- Help obtaining financial assistance
- On-call pharmacist support

CONTACT US

We want you to feel as comfortable as possible while you get the information you need.

Contact your pharmacy liaison with questions about prescription refills, financial assistance, and insurance approvals.

Disease Specific Liaisons

The management of complex conditions requires personalized care from knowledgeable and caring healthcare professionals. As a patient of the Dignity Specialty Pharmacy, you have access to our highly trained Pharmacy Liaisons, who will go above and beyond to provide you with personalized care and support.

YOUR LIAISON WILL

- Meet with you to understand your pharmacy needs
- Obtain insurance approvals, as necessary
- Coordinate refills and the delivery of your medications
- Check in with you regularly over the phone
