Frequently asked questions
What you need to know about your benefit plan
Q. Who is UMR?
A. UMR is a third-party administrator (TPA) that provides employers and health benefit plan members with services to help them get the most from their benefit plan.

Q. What is a TPA?
A. A TPA is a company that your employer hires to handle the many tasks associated with managing your health benefit plan. For example, UMR handles general enrollment tasks when new plan members sign up to receive health benefits. We also process your health claims, making sure they are handled quickly and accurately. UMR even has medical professionals on staff who can help coordinate your care if you are in the hospital or are dealing with a chronic health condition.

Q. What does it mean to be self-funded?
A. A self-funded benefit plan is financed by your employer, not an insurance carrier. Your employer pays for most of your health plan and claim costs.

Q. What is a PPO?
A. Most TPAs work with a preferred provider organization (PPO). A PPO is a network of health care providers who have agreed to discount (reduce) what they charge for services when treating members of a benefit plan. When you choose to see an in-network PPO health care provider, you will pay less for their services than if you had chosen an out-of-network (non-PPO) health care provider. You have the option to see non-PPO providers, but you will pay more for their services.

Your member ID card contains important information regarding your plan’s PPO. Contact your PPO directly or your UMR customer service team to check a health care provider’s participation.

Q. What does UMR do for me?
A. We provide you with prompt, personalized service. As a plan member served by us, you have a customer service team of helpful people available to assist you and answer questions about your health benefits. For example, you can ask us about the medical care your plan covers or about a specific health claim. One phone call is all it takes to reach us and speak to someone who can help you get the answers you need.

You may also receive other services, depending on your health plan’s features, to help you and your covered family members use the health care system and receive appropriate health care at a reasonable cost.

Q. What can I do to reduce my health care expenses?
A. A lot! First, choose a participating PPO provider whenever possible, so you’ll receive the discounts your plan has made available for you. Your benefit plan ID card displays your PPO information. Always show your ID card to your health care provider at each visit.

Learn about the features of your benefit plan, too, so you’ll know about money-saving ways to receive your health care, like taking advantage of preventive care services.

Also, read and understand your EOB. It can help you track your health care costs and get a better handle on what you’re spending. The “How to Read Your EOB” section in this brochure will help you understand how your health claims are charged, processed and paid.

And learn how you and your family can prevent illness and maintain your health. Make health-conscious choices every day. You’ll feel better, improve the quality of your life and have more money you can use for other things – not health care!
How to read your EOB

1. Fields include member information under which the claim was processed.
2. Hospital, physician or other health care provider that performed the services.
3. Account number assigned by the hospital, physician or other health care provider.
4. UMR assigns a unique claim control number to each claim received.
5. Services and/or procedures that were performed by the hospital, physician or other health care provider.
6. Dates(s) services were performed by the hospital, physician or other health care provider.
7. Amount charged for the services by the hospital, physician or other health care provider.
8. Charges not allowed according to the Plan – see comment code.
9. Refers to codes used to explain charges that were not allowed – see Notes Section.
10. Amount applied to the deductible.
